ELLIS SIMMONS IS CALLED BY DEATH

Bright High School Boy Stricken After Illness Resembling Botulism.

Ellis Simmons, son of Mr. and Mrs. L. S. Simmons and, one of Sonoma's most promising young men was summoned by the Angel of Death Thursday night after a week's illness which bore striking resemblance to the dread botulism.

The young man was taken ill after eating canned fish and the usual remedies for ptomaine poison were administered. He responded to the treatment but evidently did not resist all the inroad of the dread germ which went through his system, leading to paralysis and failure of the heart. Two physicians and two nurses did everything with their power to aid the stricken youth but all in vain, and the bright young life flickered out Thursday.

Mr. and Mrs. Simmons have the sympathy of the entire community in their great sorrow. Just at the threshold of a career of great promise this boy, bright beyond his years, keen for politics and devoted to the study of commerce and maritime affairs, a boy with an unusual mind for his years, has been summoned.

The fond parents had raised him from delicate infancy to the fine specimen he became. Although still a boy he was over six feet tall and was always alert and active, loving athletics as well as the studies to which he devoted himself so assiduously.

He was popular with his fellow students and during his Grammar School days took a prominent part in school theatricals in which he scored many successes.

Deceased was a brother of Mrs. Neal Dodge and the pretty home which was the scene of her wedding less than three months ago is now enshrouded with sorrow and was yesterday the scene of the sad solemn-

Sonoma Fire Engine Subscriptions Pass \$2500 Mark and More Coming In

With \$2900 already pledged and \$2500 of it on deposit in a Sonoma bank, the funds for the \$3800 fire

engine to be purchased by the community will no doubt be entirely subscribed within the next two weeks and Sonoma can order the Waterous Triple Combination Motor Propelled Fire Engine as recommended by the Business Men's Association's committee.

The fire engine decided upon is a standard piece of apparatus that is the development and the finished result of 27 years experience in the building of fire apparatus. It is a fine engine that has been tested and proven that it is efficient and "right". It is not a haphazard buy or a piece of apparatus to be built for the occasion with uncertainty of satisfaction. The engine selected has given satisfaction to many cities such as our own. The engine representative agrees that "no payment of any kind will be made until after the completed machine has been delivered in

Sonoma and thoroughly tested and demonstrated.

If after this demonstration and test the machine does all claimed for it and is satisfactory then the money is to be paid.

Since Sonoma decided on the Waterous fire engine two other California towns, Gustine and Manteca have purchased the same make engine.

The following additional subscriptions have been received. If your name is not enrolled on this list of donors to the splendid cause of protecting the community from fire send in your contribution at once:

LEA FAVORS TARIFF TO PROTECT POULTRY INDUSTRY

THAT OUR POULTRYMEN as well as other farmers regardless of their politics knew what they were doing when they reposed their confidence in Congressman C. F. Lea at the primaries is shown by Lea's sentiment on the tariff as affecting the poultry industry. Our conscientious representative at Washington took it for granted that the people understood his earnest convictions regarding the protection of this leading industry and it was almost unnecessary to put him on record on a question so vital to so many farmers in this and other parts of the district. However, through a letter in answer to one sent to him by Knox Boude of the Petaluma Chamber of Commerce, we find Mr. Lea declaring without equivocation in favor of the tariff to protect the poultry industry.

Congressman Lea says, "my study of the question has convinced me that the proposed tariff on eggs is justified." "I believe in a reasonable tariff wherever required and I am earnestly in favor of eliminating the tariff from politics and treating it as a business proposition." This latter expression of sentiment is characteristic of Lea who is a type of man above the dyed-in-the-wool partisan sort and would put the country on a higher plane than a mere political one. The day is past when for the sake of the tariff or any other issue we must swallow a party hide horn and hoof. The tariff commission was created to view the tariff in the light of a business proposition and to free the voter from iron clad necessity to vote a political ticket from top to bottom in order to protect his convictions or interests in one particular. In the past, free traders have studied themselves in order to back up their theory and protectionists ran to such extreme that Republican idealists became disgusted and split the party.

It is reassuring to find a man going to Congress with the broader and better views of Congressman Lea, and that is why he is going with the endorsement of voters of both Republican and Democratic parties. Poultrymen and all other men and women who have interests to be protected and business to be looked after at Washington can have no better representative than Lea who was accorded a handsome vote by the eleven counties of his district at the primaries and was particularly honored by his own Sonoma County.

CANADA HAD ENOUGH OF IT

HARD HEADED, practical Canadians loving fair play and personal liberty more than the sham of true democracy and much touted freedom have voted overwhelmingly against prohibition. They have had enough of the impracticable and silly arrangement during the war and at the first referendum took the opportunity to express their disapproval of it as a permanent arrangement. The referendum was neither camouflaged or confused and the vote means that our neighbors to the north will again have liquor sold in the open properly regulated by the government and very properly taxed to bring in revenue.

How obviously more sensible such an arrangement than the reign of bootlegging which has the United States in its grip, with everybody drinking some sort of drink which they buy to enrich some outlaw or make themselves, while Uncle Sam is being called on for millions to muddle the moonshine. Surely America is not so dense but that by this time it sees the folly of prohibition and the futility of intolerance when written into laws which multiply crime and breed disrespect. Fanatics and theorists who want a cure for the misuse of drink have not only blundered woefully but have experimented drastically and shamefully through the repudiation of state rights, reviving of search and seizure and the ignoring of reiterated guarantees provided under the constitution of these United States. Canada may have suffered some evils under prohibition but she did not suffer half the indignities heaped in the name of our government upon the heads of our people, the most blameless of whom are paying the price for the prohibition experiment in this country.

When little children are molested of taxes on their sticks of taffy and ice cream cones while liquor which cannot be banished gets by tax free, it is time we took notice and set about correcting the drink evil in some better way than by drastic law.

KEEPING OUT of war, getting us into war, stopping all war, these are some of the propositions running through the minds of voters today. What do you intend to do about it Tuesday?

SONOMA COUNTY awaits the sale of state highway bonds to have its road work go forward. Vote YES on No. 9.

RE-ELECT MEN who have proven loyal friends of California and you can make no mistake in your vote on Tuesday.

VOTE NO on the Referendum No. 2, when you go to the polls Tuesday. It is the drastic Harris bill.

VOTE NO on No. 30, the old single tax bug-a-boo.

IF IN DOUBT about the Amendments Vote NO.

R. O. WICKHAM LAID TO REST

Impressive funeral services for the late R. O. Wickham were held at the State Home last Saturday. Rev. Isaac Cookman officiated and there were many prominent people in attendance at the last sad rites for the deceased official of the Institution.

Among the handsome floral offerings was a piece made by the children of the Home by whom Mr. Wickham was much beloved. There was music by a special choir which rendered favorite hymns of the deceased. Interment was in Mountain ceme-

EACH COMMUNITY TO GET HIGHWAYS VOTED

SAY COMMISSION

Sacramento, October 28.—In a pronouncement of policy made public today the State Highway Commission said all money for roads under the various bond issues would be spent "in accordance with the budget on which the bond issue was based."

One project will not be extended at the expense of another, it was said, and "each community will be protected in the funds originally intended for its roads."

The Commission issued the following statement:

Both the \$20,000,000 set aside in the \$40,000,000 bond issue for uncompleted roads in the first two bond issues as well as the \$20,000,000 voted for new roads will be spent in accordance with the budget on which the bond issue was based.

Adherence to the budget is necessary, in the opinion of the commission, by reason of the increased cost of highway construction, which will prevent the money voted doing all the work that was mapped out for it to do.

By adherence to the budget plan, each community will be protected in the funds originally intended for

DISMISS CHARGE AGAINST

PAUL VANNUCCI

U. S. Commissioner Krull Frees Well Known Resort-Man and Partners of Charge After Prohibition Investigation.

After repeated efforts to get a hearing on the charge of conspiracy to violate the prohibition law, Paul Vannucci and his partners through their Attorney Hugh Asher asked dismissal of the charge Monday in San Francisco and U. S. Commissioner Krull promptly freed the well known resort man and co-defendants. They in turn caused warrants to be issued for Francis J. Mannix, former supervisor of the federal census, who has become entangled in the liquor probe now going on in San Francisco, and had been jointly charged with Vannucci, Foppiano and others with conspiracy to evade the "dry laws."

Details of the new charges were made public by Hugh Asher, attorney for Vannucci, Foppiano, Winandy and Jeffress. Asher said that on September 10 Mannix gave Vannucci and Foppiano a receipt for \$4,000 which the receipt showed had been accepted as an escrow. Mannix, he claimed, had represented himself as a power politically and in a position to get liquor for Asher's clients without placing them in danger of conflict with the law.

Asher said that on the day after the money had been paid and the receipt given, Vannucci and Foppiano told him of the deal they had made with Mannix. He says he told them liquor could not be withdrawn by them or for them legally and advised them to get their money back.

They tried to stop payment at the Italian-American Bank on the check they had given Mannix. He had sent them there and had taken out the cash, Asher claims.

On September 15, Asher says, Mannix gave P. Winandy, a partner of Foppiano & Vannucci, a check on the Humboldt Savings Bank for \$4,000. He claims Winandy could not cash it the next day, nor September 17, when he again presented it for payment. Then Asher's story goes, Mannix gave Winandy \$900 cash, depositing it to his account at the Italian-American Bank, and a check for \$3,100. That was on September 20. When the check was presented it was turned down by the Humboldt Savings Bank, on which it was drawn, the lawyer asserts.

Asher produced other receipts and checks to show that on September 3 Robert Jeffress had given Mannix \$4,200 to be held in escrow. Jeffress had also sought to get his money back. On September 27 Mannix gave him a check for \$4,200 which could not be cashed.

There were three warrants out for Mannix yesterday. Two of them embodied two counts each. One was issued at the request of John Foppiano Jr., alleging the embezzlement of \$4,000. Another, issued at Jeffress' request, charges embezzlement of \$4,200 and the uttering of a worthless check for that amount. The third was based on Winandy's charges that Mannix had given him two worthless checks one for \$4,000 and another for \$3,100.

CONGRESSMAN LEA'S REPLY ASSURES POULTRYMEN

The following letter has been received by W. S. McAllister the poultryman in reply to an inquiry sent Congressman Lea in regard to measures affecting the prosperity of the poultry industry:

Santa Rosa, Calif., Oct. 16, 1920.

Dear Sir:

On account of absence from home I have delayed acknowledging and replying to your letter of Sept. the 20th inquiring as to my attitude toward the Capper-Hershman Bill. I voted for that bill in the House of Representatives. I believe that effective co-operative organizations are essential to the progress of our farmers. You can rely upon me to give my earnest support in furtherance to the passage of this and similar measures in and of agriculture.

Sincerely yours, Clarence F. Lea

Californians, Do you still love your liberty?

The State Prohibition Act (commonly referred to as the Harris Bill) will appear upon the November election ballot as Proposition Number 2.

It applies only to California and is perhaps the most drastic enforcement law that has been proposed in the United States.

If enacted it means that California will be absolutely, positively and forever a prohibition State.

The Volstead Act may be amended to permit the use of light wines and beers in other States in the Union.

California could not and would not enjoy this right if Proposition Number 2 carries.

If the State Prohibition Enforcement Act becomes a law light wines and beers and personal liberty are gone forever in California.

SHORTRIDGE FAVORS CAPPER-HERSHMAN BILL

The following letter has been received by the Farm Center from Samuel M. Shortridge:

San Francisco, Cal. Oct. 27, 1920

Dear Sirs: I learn today that a letter I dictated to you some weeks ago, in regard to the Capper-Hershman Bill, was never transcribed and mailed, which is to be regretted.

I now beg to assure you, as I have been stating to the people at large, that I favor this measure and the enactment of laws that will aid and foster the producers co-operative market associations, associations which the Democratic Administration is doing its utmost to destroy.

I have the honor to remain, Yours Sincerely, Samuel M. Shortridge

Mrs. D. Hatton and two grand-children spent the week end shopping in San Francisco.

Mrs. Wm Ring of Schellville has gone to Montana to visit her folks there and may remain all winter.

Fred Batto and family returned from Summit the fore part of the week where they spent eight days among the snow. They had the pleasure of skeeing and other winter sport of the high Sierras.

Romeo Cantoni, the painter, has been putting the finishing touches on the roof of the El Dorado hotel and the historic building now looks like it just came from the building contractors.

BROTHER SHOOT'S SISTER AND THEN SUICIDES

Mrs. Ralph H. Patteson, daughter-in-law of the late C. L. Patteson, for many years chairman of the board of supervisors of Sonoma county, was mortally wounded by her brother Lovell McLain of Mare Island at her home in Napa on Sunday night, following a row over the return of a pet dog which McLain had given his relatives.

McLain also fired several shots at his brother-in-law, driving him from the ranch. He hurried to a neighbor's house for a gun and while he was away, McLain went about a quarter of a mile away and killed himself. A sheriff's posse hunted him all day Monday and his body was found in the evening at the foot of a cliff near the scene of the first shooting. The people were so wrought up that they would probably have lynched McLain had he been found alive.

Mrs. Patteson is said to be mortally wounded.

Mrs. M. Clements and family of El Verano have leased their place for a term of five years and are residing in Napa.

A number of improvements are being made at the Maxwell ranch including an irrigation system and a new dryer for the prune crop.

Lewis and Ross announce that they will serve their delicious waffles hereafter at 40c. This includes coffee and trimmings. Waffles at Caliente Villa are wonderful.

Vote YES on 16 and give the children of town and country equal school advantages with the children of large and wealthy cities.

SAM SEBASTIANI MAKES FINE DONATION TO FIRE ENGINE

The biggest donation to the Fire Engine yet received from anyone was made this week by Sam Sebastiani who brought in his check for \$200 toward the purchase of Sonoma's fire fighting equipment. In addition to this handsome donation, Mr. Sebastiani has placed at the disposal of the town all the fine water supply he has developed and maintains for emergency purpose. The water comes from numerous flowing wells on the Sebastiani property and is stored in an immense tank on the hill above his place. A six inch main extends all along the cannery, winery, residence property and other buildings owned by Mr. Sebastiani.

In order to give the town the benefit of the water supply he will expend \$300 additional in extending his pipes so that our fire department can connect on to the system in case of a big conflagration.

Mr. Sebastiani's interest in Sonoma's welfare and his generous contribution of \$200 is just another instance of the fine public spirit of this progressive man who is always doing something for the upbuilding of the community, and has expended thousands of dollars for the good of Sonoma. The community is fortunate to have such a good citizen and benefactor.

WHAT LAWYERS SAY OF AMENDMENT NO. 6

San Francisco, October 25.—Propaganda that Amendment No. 6 on the November ballot will change the health and quarantine laws has induced prominent lawyers in different parts of the State to give their opinion as to the actual legal effect of the measure.

Hon. George Golder, for six years a member of the Legislature, said, "No. 6, if adopted by the people, will do nothing more than permit clean, healthy youngsters to attend the public schools and the State University without being vaccinated or inoculated against their will."

Mrs. William E. Colby, lawyer and university parliamentarian in the University, declares that "No. 6 will not, as its enemies allege, permit unclean and diseased children, or children from homes where there is contagion, to attend the public schools."

Attorney M. De Hurst, of Woodland, when interviewed, had this to say: "The propaganda against No. 6 is a compound of unwarrantable assumptions and gross exaggerations. It will not repeal or break down a single health, sanitation or quarantine law of the State, nor deprive health officers of any of their powers."

NEW CHURCH AT SAN RAFAEL DEDICATED

St. Raphael's Church was dedicated by Archbishop E. J. Hanna with great ceremony last Sunday. With 150 girls, dressed in white following in his train, the archbishop, standing on the portico steps, gave the benediction, then circled the building repeating the ceremony at its four corners.

Following the solemn high Mass, the archbishop preached the sermon. St. Raphael's Church is built on the exact site of the Mission Archangel, which was erected by the Franciscans in 1817. Two churches previous to the present edifice have been built on this site, but were destroyed by fire, the last one two years ago.

YOUR KIND OF MEN

HARDING---COOLIDGE---SHORTRIDGE

The Next President.

As certain as anything can be, in this world, is the election of Senator Harding.

To readers of this newspaper, the many family groups to which it comes a regular welcome visitor, Senator Harding's face shines as that of a friend.

Senator Harding, your next President, is your kind of man. You see him, hear a few words, and you know it.

He was born in a small town, has lived there all his life, lives there now, and will live there again when he leaves the White House with his work for the country done.

He lives as you live, simply, in the old-fashioned American way.

Millions of men, believing in this country, devoted to its government, SATISFIED with the UNITED STATES, believe that the United States is able to deal with its own problems, and settle its own questions free from outside assistance or interference.

Those millions of men are men of the same sort as Senator Harding.

What Kind of Man.

Harding is a big American in physical size, thanks to vigorous farming ancestors. He is a big American also in heart, in understanding, in sympathy and in simplicity.

You read his speeches and know that he does not imagine himself created to tell all the world what to do. He believes in, and he understands the American people, his friends, the citizens of his own little town, Marion, Ohio, and the dwellers in thousands of other towns like it.

After you have elected him, you will find in Senator Harding an earnest, conscientious, straight thinking servant of the people, not an autocrat, but a man respecting the traditions of American government, and the Constitution of the United States.

Senator Harding understands that the people will elect him to be President of the United States, not President of the whole world. He will know that he is employed by the PEOPLE of this country to look after the interests of THIS country.

Born on a farm, living all his life close to farmers, he knows and sympathizes with the problems of the farm. Living in the average American way, in the average American small town, he knows the problems of the average American. He understands the printers he employs, and he knows their trade and sets type as they do.

His Ambition.

Senator Harding has no ambition to be called a political superman, or RULER of America.

It is his ambition to be known as a good American, a faithful servant of those that trust him. National politics are discussed this year less than at any election since the republic was founded. Why? Because men do not discuss, to any great extent, that which is DEFINITELY SETTLED.

But it is important that demonstration of the popular will should be of the most overwhelming kind. Therefore the good citizen will do what he can to increase the vote for Harding, should there be any doubtful votes within reach of his voice.

But if you do find one, show him or her this picture of the next President. And express in your own way the reasons that inspire you to approve and vote for him.

What is Senator Harding's outlook upon life? It is YOUR OWN.

The duty of the American, whether he be President or simple citizen, is not complicated in Mr. Harding's mind. He says:

"As I said at the outset, government is a very simple thing, government is only the regulation of our relationships to one another. The government's first task is the protection of the minority against autocracy, or the domination of the majority that sometimes forgets the rights of the minority."

"I am preaching the gospel of popular representative government in the United States, a government that does not know any class anywhere in all this Republic."

Women Voting.

Women especially have reason to congratulate themselves on the fact that Senator Harding will be the next President and that the change in the national administration is to be complete.

Their sons are taken in war. Their husbands and fathers are taxed to pay for war. They spend the lonely hours of dreadful anxiety, while the son is away.

They, above all, are interested in having for President such a man as Senator Harding. He does not believe that foreign powers should be allowed to conscript American boys for war beyond the seas.

He does not believe that a Foreign Council should send to America for men and money to settle wars not of our making.

Senator Harding does not believe that this country should be taxed to finance the ambitions of the land greed of foreign nations, and as he believes, so the earnest men and women of this country believe.

When you cast your vote for Senator Harding, you will vote for YOUR KIND OF MAN, the intelligent, straightforward, unpretentious American citizen. President Harding will be an American President, not an international President.

Like Senator Harding, both COOLIDGE and SHORTRIDGE came from the soil—the one from New England and the other from the West. Both have carried with them into public careers the homely virtues of life as they apply both to the individual and community contentment.

SAMUEL M. SHORTRIDGE, as farmer, blacksmith, teacher, lawyer has succeeded for the reason that no faults of training or thinking have kept him from the forward-looking path of the truly sincere and big American.

SHORTRIDGE knows California and her problems. He knows the Nation's problems in this time of war's reconstruction.

SHORTRIDGE will lose no time in applying himself in the Senate to these problems. He will support Harding and Harding will support Shortridge and California.

HARDING-COOLIDGE-SHORTRIDGE—Three men of today most like most other Americans. They are California's kind of men—they are America's kind of men.

We must have a complete change in the Administration at Washington!

SONOMA HENS WILL COMPETE IN EGG LAYING CONTEST

Sonoma will do some cackling in the coming egg laying contest at Petaluma if the hens of Geo. Warren, Garcia and Sarich, J. Rotenberg and W. L. McAllister have anything to say about it. The above gentlemen will enter some of their best hens in the contest.

Directors Walls, Hussey, Spiers, McAllister, Leach, Nison and Buster of the poultry department of the

Sonoma County Farm Bureau, held a meeting at the offices of the farm advisor Thursday afternoon.

It was announced that F. P. Eckland had been secured as manager of the egg laying contest. Salary and incidental arrangements with him were discussed.

The directors proposed that a method of hen registration be organized to commence immediately at the close of the egg laying contest. This project is thought to have merit to stimulate interest in the poultry business.

The directors also proposed that a poultry short course be given next spring under the supervision of the Farm Bureau. It is likely that one of the poultry courses provided by the University of California will be given.

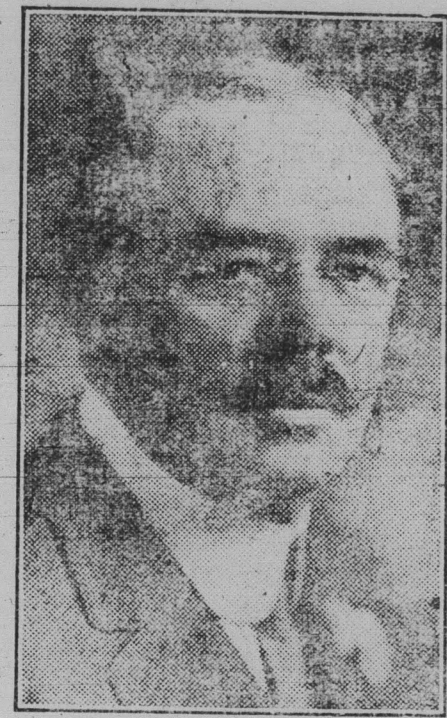

Mr. and Mrs. Harris who have been residing at the Amelia Bates home since Mr. Harris went into the F. Duhring store have left Sonoma for Vallejo where Harris has a better position.

SINGLE TAX OPPOSITION IS STRONG

State-wide Campaign is Headed by Two Big Organizations.

Two powerful organizations of business men, and business women, professional men and women, members of commercial and civic bodies, and clubs with members of both sexes, all voters in California, are making a state-wide campaign, the Anti-Single Tax Association, north of the Tehachapi, and the People's Anti-Single Tax League, south of the Tehachapi, in opposition to the single tax movement, which is centered in California this year.

The single tax advocates have placed Amendment Number 20 on the ballot at the coming November election, and are making a vigorous fight for its adoption. It will be entitled "Land Values Taxation," and it is the most radical measure the single taxers have yet advocated in any part of the United States.

Milbank Johnson, B.S., M.D., L.L.D. Ex-President Cal. Conference of Social Agencies.

Dr. Milbank Johnson, B.S., M.D., L.L.D., of Los Angeles, who has been one of the most active of the opponents of single tax in California points out that the particular wording makes this the most radical of all the amendments the single taxers have put up to voters anywhere, going far beyond even Henry George's theory of taxation, and presenting to the people of the State of California a menace more terrible than any ever presented by the single taxers, or any other of the socially inclined agitators of the United States. So extreme is it in its tendency that it has aroused the opposition of every one of the business interests of the state, the property owners and the laboring people alike. The farmers are up in arms against it.

Dr. Johnson, whose name stands for much in the work of social betterment says of the present attempt:

"I feel it a duty I owe to the people of California to make the greatest attempt possible to warn every one of them of the dangers of this single tax iniquity. So deeply interested did I become in this matter after the result of the election two years ago was announced, and when it became known that the single taxers were planning another attempt this year, that I took the time to go to British Columbia, accompanied by John P. Steele, secretary of the People's Anti-Single Tax League, and remained there for several weeks, getting full and correct information regarding the effects of the operation of single tax methods of taxation in the cities of that province of Canada."

"I found that in a large majority of the cities of British Columbia, including the cities of Vancouver and Victoria, single tax had been given a thorough trial, to the great sorrow of all of those who were instrumental in securing its adoption in those municipal politics."

"My investigations, and those of Mr. Steele, proved conclusively that in every instance where single tax was adopted by a municipality in British Columbia disaster to that community, and absolute financial ruin followed in its wake."

"The dire iniquities of the single tax struck me so forcibly during my stay in British Columbia that immediately after my return to California, noting that the single taxers were again going to make a further attempt to force their fanatical theory on this prosperous state, I began to advocate the use of some measure that will have the effect of stopping the single tax agitation in California once and for all."

"To this end the Anti-Single Tax organizations finally decided to place upon the ballot an amendment, which is Number Four, which will compel any person or set of persons desiring to enact by initiative any measure in California affecting taxation or assessment to secure 25 per cent of the signatures of the voters at the preceding gubernatorial election instead of 8 per cent, as at present."

"The organizations believe that Amendment Number 4, if adopted will prove an effectual bar to the single tax menace in California."

"We are therefore asking all those who are alive to the danger that confronts us to vote for Amendment Number 4, as well as against Amendment Number 20, the single tax iniquity."

BIG PRICES REPORTED ON GRAPE SALES

Sonoma Valley Vineyardists Continue To Sell Wine Grape Crops at Unprecedented Figures.

There is a steady demand for Sonoma Valley wine grapes at unprecedented fine prices and a new record was set last week when one grower in the upper part of the valley refused \$199 per ton for a fancy variety from his vineyard. Zinfandels have been selling for as high as \$175 per ton and Alacante Bouchets near the \$200 mark. A prominent pioneer Glen Ellen grower sold his entire crop for \$160 per ton and got about 70 ton off his vineyard.

Another vineyardist recently purchased a ranch in the vicinity of his own place and in addition to the realty gave the seller \$65 a ton for the grapes on the place the seller being thoroughly satisfied. The new owner has just sold the crop for \$165 a ton thus clearing up a nice sum on the 75 ton which the vineyardist had.

VOTE YES ON STATE

HIGHWAY BOND AMENDMENT

The California Automobile Association which has charge of the campaign for Amendment 9 yesterday made public a statement from Senator M. B. Johnson of Monterey, Chairman of the Senate Roads and Highways Committee which explains in detail the purposes of the proposed act.

"The Initiative State Highway Act placed before the voters of the State of California in Amendment 9," the statement reads, "is intended solely to establish state highway construction upon a sound economic basis."

"Under the law as it exists, the arbitrary interest rate of 4 1-2 per cent is fixed. When the interest rate established by the money market on bonds of similar character is 4 per cent, the State is paying 1-2 per cent more than is necessary. When the current market rate on bonds of similar character is 5 per cent, the bonds will not sell at the fixed rate of 4 1-2 per cent and highway work automatically stops."

"Under Amendment 9, a flexible interest rate is provided for and the sale of bonds made possible at such a time as money is needed for work instead of when they can be sold at 4 1-2 per cent."

"Under the present plan, those counties where state highways have been built, pay interest on all the funds so expended, Mendocino County, for instance, being charged with an interest burden of \$87,000 in 1920 and 1921 on State Highway funds expended there. Yet the highway through Mendocino county is used far more by people from within the county than by Mendocino County people. So the plan of interest payment today is inequitable and unfair."

"Under Amendment 9, the interest burden is shifted where it belongs, to all the people for whom the State Highways are built and by whom these highways are enjoyed."

MONUMENT FOR UKIAH

BOYS WHO FELL IN WAR

A memorial monument for Lewis White Post No. 76, American Legion, is being cut, polished and engraved at Santa Rosa. The monument is designed as a memorial for the soldiers from Mendocino county, and is to be unveiled with an appropriate ceremony at Ukiah on Armistice day.

The monument is a beautiful and fitting tribute to the soldier dead. It is made of granite and will stand six feet high. The base will be four feet three inches by two feet six inches. The base, pedestal and cap of the monument is being cut of California white granite while the die is made from California dark granite.

On each face of the die are engraved entwined American flags, with the "American Legion" underneath. On one end of this stone is engraved "Erected by Lewis White Post No. 76, with the help of the citizens of Ukiah and vicinity, a memorial to those who died while in service during the war." On the other end is engraved the names of the ten men who answered the last call in the service of the United States.

The cap has been rounded into beautiful lines and will be fitted with two bronze plates bearing the American Legion emblem. A place of honor in the Masonic cemetery at Ukiah has been donated.

FAIR PLAY

ALL FAR-SEEING Californians concur that the influx of Oriental laborers should be prevented. But this can be done only by the Federal Government, not by any state action. We as honest Americans stand for justice in dealing with Japanese who came here at our invitation.

There is an initiative law to be voted on November 2, denying to the Japanese certain human rights involving our honor and our traditions of fair play.

This law proposes not only to drive the Japanese from the agricultural lands of California, but to deny Japanese children born on American soil the right to have their own parents as guardians.

It is a natural right that the parent is the guardian of the child. This bill provides that the child may be removed from the guardianship of the parent to the guardianship of a public administrator. If Japan should propose a law of that kind touching American children within her jurisdiction, our Government would very firmly and properly demand its repeal.

This law, forbidding the Japanese to lease farm lands, sentences them into competition with American labor in the cities.

It prohibits the Japanese from buying even a single share in any American corporation owning real property.

These proposals are a clear violation of the Fourteenth Amendment of our Constitution, which declares that no state shall "deny to any person within its jurisdiction the equal protection of the laws."

The people of Arizona adopted by initiative a law discriminatory against various aliens, which the United States Supreme Court voided as unconstitutional, saying in its decision: "Equal protection of the law is applicable to all persons, without regard to any difference of race, color or nationality. Discrimination under the pretense of promoting the health, safety or morals and welfare, denies the very essence of personal freedom and opportunity it was the purpose of the constitution to secure."

This anti-Japanese initiative discriminates between aliens in the right to lease land, and between minor children of aliens in the ownership of land, and is plainly unconstitutional.

The law will embarrass our federal government in whose hands lies the final solution of the question. The State Department is now endeavoring to revise our agreement with Japan for the purpose of excluding Japanese immigration more effectively.

What California wants is not a policy of legal persecution directed against Japanese who are already here, but a constructive immigration policy calculated to safeguard the State against further influx of Oriental labor. The proposed initiative law offers no such solution. It simply complicates the situation and will make the adjustment of the real issue all the more difficult.

Not only does this law invite us to commit an act of injustice and to violate our Constitution, but it insults an honorable nation—a nation which, when San Francisco was on fire, sent a gift of \$250,000 in gold; a nation which has repeatedly manifested respect and friendship for our country.

Japan was the first to participate in our great international exposition in San Francisco at a cost of almost a million dollars. During the war the Japanese in our midst contributed two million dollars to our war funds, and, at the instance of Our Government, rendered invaluable assistance in the production of food materials needed to feed our armies.

Vote NO on Initiative No. 1 on Nov. 2.

WHY DIDN'T THEY THROW

THE BULL OUT

In Petaluma Monday, a large red and white bull which was being led through the streets by Thomas Caulfield Jr., suddenly became enraged and despite every effort of Mr. Caulfield, broke the riata by which he was being led and bolted.

Tom gave chase and also gave a fine demonstration of horsemanship and Tom Mix stunts. Mr. Bull charged up Fourth street and into the Fourth street entrance of the Bello grocery store and went through the whole length of the big store, emerging on Main street.

Of course clerks and patrons scattered but the bull did not stop to inquire the price of groceries but kept going and despite the goods in his path and the glass counters and fixtures, did not do a dollar's worth of damage. Mr. Caulfield galloped around by the street route and was there to meet Mr. Bull who was shortly afterwards captured without more trouble. The incident caused much excitement and Mr. Bello will never be able to say that there was not a whole lot of bull about his store. —Petaluma Argus.

SONOMA FOLKS AT DILLONS BEACH

Sonoma Valley had quite a colony of folks over at Dillon's Beach last week. The coast weather was ideal. Mr. and Mrs. Frank Riser have decided to spend the winter there. Among other Sonoma people at the beach were Mr. and Mrs. T. Baines, Mr. and Mrs. Freck and Mr. and Mrs. Chiff.

The J. K. Bigelows were there also, occupying the cottage of Mr. and Mrs. Robt. P. Hill during their sojourn.

Julius E. Poppe and E. A. Ranker of Glen Ellen were drawn on the venire Saturday last from which a jury to try the Hassett-Petray case was selected. The case grew out of proceedings in which the Sheriff in his official capacity is alleged to have unlawfully held \$3000 worth of personal property under attachment.

YOUR VOTE FOR SUPERVISOR

Fellow citizens, did it ever occur to you that it is too bad to see two Sonoma Valley men fighting for the Supervisor job here in the First District? How much better it would have been to have had but one candidate on this side and if there was to be competition to have the rivalry between our man and one from the "Petaluma County" side. As the matter now stands one Sonoma Valley man is trying to get another Sonoma Valley man out of his job.

The present incumbent has been a faithful public servant and wants to continue on in the work he has in hand. Politics so far has cost him a lot of money. During the next term he could save a little something. If a man is worthy of his hire surely the farmer who has given eight good years to serve the public does not deserve to be turned out of office just when he can put by a little to show for his work.

The rival candidate has stated that he did not really want the office and we all know he does not need it for he is a prosperous orchardist as was his father before him. Most of the eager effort for a change comes from new road master aspirants who have been popping up all over the district saying "give me a chance", "I want a job", etc.

As to roadmasters the incumbent has had good men on the job. Mr. Helberg ran two districts, his own and that of Dave Schieck while the latter was ill. The county engineer approved of and endorsed his work. The El Verano roadmaster Joe Revie is as honest and conscientious a man as could be found the country over. A vote against the incumbent Supervisor is a vote against his roadmasters one and all. Think it over voters and your conscience will tell you that for Supervisor Tuesday next you should mark your ballot for J. H. Weise.

FOR THE LOVE OF MIKE!

(Lieutenant Eldridge, who has his aeroplane at Healdsburg this week, flew to Santa Rosa, and took back with him some sausage for the Cummings Market from the Noonan Meat Company in Santa Rosa. Robert Schieffer, well known auto man of Healdsburg, rode back as a passenger. This sausage did not come so high to the purchaser after all, for Mr. Cummings did not raise the price. Mr. Cummings was in Santa Rosa Monday afternoon and while in the Press Democrat office learned by long distance telephone of the safe arrival of the plane of Healdsburg.) M. E. Cummings, Healdsburg, Calif.

Dear Mike: We want to congratulate you on your up-to-date marketing methods.

Your old Sonoma friends have read about the airplane and how you had sausage delivered quick to your town. Some service we'll say.

We suppose you looked for a dirigible shaped like a sausage. It would of course be just like your good taste.

To have everything harmonize. But then any airplane is O. K. We suppose the wienies were none the worst for wear either. After their ride.

And that the garlic sausage left a fragrant trail in the path of the flier.

As he sped to Healdsburg and that the hot dogs warmed by the flight.

Close to the sun were better than we have ever tasted here. And we suppose the porkers from which the sausage came.

Never thought that they would be winging their way in the azure blue. All tied up with a nice brown string. Country sausage, eh?

Believe us the country schnitzel is putting it way over the city breed. When they attain an altitude like Mike Cummings brand.

Honest Mike we believe you're so enterprising.

That you are trying to land some new customers on Mars. P. S. Send us a hot dog sandwich by aeroplane some press night and we'll thank you!
